## Drone Business Training

Turn ideas into ACTIONS in the drone sector! InDro Robotics developed Indigenous BEST to cover all of the basics of launching a drone business or social enterprise, including 'life as an entrepreneur,' market research, HR and training plans, equipment and marketing.

Learn best practices and operational requirements to ensure that you can start, manage and grow a successful, compliant drone business or drone department within your Nation or company.

Stay for the third 'coaching day' to start shaping a first-year plan and budget to launch a drone business or a division of drone services. Learn funding opportunities to set yourself, and your community, up for success!
